Please complete the survey below.

Thank you!

---

This survey has been approved by The University of Texas at Dallas Institutional Review Board. All study information is treated as confidential. Although during the study, participant numbers (and thus their data) can be linked to their identifying information, this will only be done to help with the scheduling and payment of the participant. After completion of the study, any information linking participant numbers (and thus their data) to identifying information will be deleted. No personal information will be shared with any outside entity. Any data that might be shared with other researchers in the future will be anonymized.

Participation is voluntary and you may withdraw from a study at any time. Participants will receive monetary compensation for time at the completion of any study they qualify for. Withdrawal from any study involves no penalty or loss of benefits to which participants are otherwise entitled.

If you have any questions about this study, please contact the study staff at 972-863-2349 or [BrainResearch@UTDallas.edu](mailto:BrainResearch@UTDallas.edu)

If you want more information about your rights as a participant or want to report a research related concern, you may contact The University of Texas at Dallas Human Subjects Research Office at (972) 883-4575.

If you are 18 years of age or older, understand the statements above, and freely consent to complete this survey, click on the "Yes" button.

---

Are you at least 18 years of age?

- ☐ Yes  
☐ No

---

Please click the "I Agree" button to begin the survey.  
Do you agree and wish to continue?

- ☐ I agree  
☐ I disagree

**This is a form to express your interest in participating in a research study at the Center for BrainHealth in Dallas (near Love Field Airport). This study will last approximately 1 hour, and if you are eligible and complete the 1-hour in-person study session, you be compensated approximately \$25 for your time.**

**The purpose of this study is to investigate the differences between individuals who use cannabis for medicinal purposes and those who use it for recreational purposes. Because of that, to determine your eligibility for this study we will need to collect some data about illicit drug use. All data collected about drug use will be kept separate from your name and contact information. Sometime after you complete this survey you will be contacted via email with a link to another survey to determine your eligibility. In that same email, you will be given a random number that must be entered on the eligibility survey. This is in order to protect your privacy and to store your eligibility information separate from your name and contact info.**

**Please answer each question as honestly as possible:**

Are you able to communicate in English (speaking, listening, and basic reading skills)?

- ☐ Yes  
☐ No

What is your age?

\_\_\_\_\_

What is your biological sex?

- ☐ Male  
☐ Female  
☐ Other  
☐ Prefer not to say

What is the highest level of education you have completed or the highest degree you have received?

- ☐ Less than high school degree  
☐ High school graduate (high school diploma or equivalent including GED)  
☐ Some college but no degree  
☐ Some college (degree or certification)  
☐ Associate degree in college (2-year)  
☐ Bachelor's degree in college (4-year)  
☐ Master's degree  
☐ Doctoral degree  
☐ Professional degree (JD, MD)

What is your present household income range in the past year?

- ☐ \$0-\$9,999/yr  
☐ \$10,000-\$19,999/yr  
☐ \$20,000-\$29,999/yr  
☐ \$30,000-\$39,999/yr  
☐ \$40,000-\$49,999/yr  
☐ \$50,000-\$59,999/yr  
☐ over \$60,000/yr

Please provide good contact information below for all communications related to your study participation (scheduling appointments, appointment reminders, etc.):

Please enter your full name:
